FRICIAL JOURNAL OF THE CITY

it takes Colonel Don Platt to tell us about these public men. Here is what he says, apropos to Senator Roscoe Coakling's morning reading: "It is coakling's morning reading: "It is voirs whose silent power may be included a state-sman voirs whose silent power may be included as the coakling of the coak IT takes Colonel Don Platt to tell us really a study to watch a statesman voked and made potent in still and how profitable they may be made by the exercise of a little common grander enterprises. Let there be a self of all the leading ones, and selecting a specimen from the heap, tears our railroad man and our railroad. The publication of this letter from off the cover with a venom and energy money be united in interest and in Colonel Merriwether has so affected he would give to the hide of any ene- force, so that they may successfully popular opinion along the line of the my. Then opening the paper he resist combinations against our in- proposed road from Okalous to Gre giances with an eagle eye at the 'personal' column; then he runs up and down the other departments of the journal in search of the one important fact of the day, and that is his own name. If this does not appear, he drops the paper, and says or thinks that there is nothing of interest in that issue. Your statesman goes through the entire file in search of that one fact. If he has an organ, this one fact will be very prominent, and the organ yet in life insurance we fall to see the will be pronounced by the stetesman necessity of too many companies in our the ablest Journal in the country."

Over the Memphis and Charleston road to Decatur, Alabama, the distance is two hundred miles. South of Decatur thirty miles, on the North and South road, are the coal fields of Alabama, not only limitless in extent but inruishing the best fuel known in America. Louisville agreed, in a written contrast, of normalization, the distance is two hundred miles. South of Decatur thirty miles, on the North and South road, are the coal fields of Alabama, not only limitless in extent but inruishing the best fuel known in America. Louisville agreed, in a written contrast, of normalization and the conducted have risen to such importance in the last fathers raised their flag against a written contract, of perpetually bladwritten contract, of perpetually binding force, that trains from Memphis should be run over the line of the banker's care. If no uniformed in the hight of her glory, is not to Nerih and South road on precisely the banker's care. If no untoward be compared—a power which has the terms defined for those of the Louisville and Nashville Company. life insurance in the United States is with her possessions and military In other words, Louisville assented destined soon to play a part in the lowing the sun in his course, and to the control by Memphis of the financial role and wield an influence keeping pace with the hours, circle trade between Alabama and the new is legislation scarcely less potent than the earth with one continuous and or Northwest and with the West, while Louisville only proposes to control railroads. They already boast of action of the martial airs of England." As has at down one of the Senators congratulated him upon the commerce between Alabama, cumulations in the eastern cities, his speech, and alluding to Ohlo, Kentucky and the Flast, A rivalling in amounts those of the above passage, said that to him it was spendent, but the future never was so Why should we not build up such speech so manifestly unpremedifull of hope, and never did railway institutions for good in our own sec- and beautiful a sentence, which with combinations promise more magnifi- tion? Why waste our energies in hours of study he could not improve

prejudices, to which he gave very free another time. expression. There was no reply Senday the Bostonian saint preached NARROW GATGE RAILWAYS-TREER to "a large and attentive congregation" of negroes. While he was pounding the pulpit and expounding the word, his congregation slept. A hand of music came along and the whole black mob incontinently left, Brother Fulton was demblounded, indignant and full of all sorts of unchristian cussedness. He will go back fees that the salvation of Sambo can

THE NECESSITY OF CO-OPERATION. deen. Colonel Merriwether says; The manifest tendency of all our success as unity of purpose-concert demonstrated fact. goal is material, moral and physical supremacy. How long will we continue to see the right, and Elyton line. It is peculiarly adapted to rugged, mountainous recontinue to see the right, and yet the wrong pursue? Who of us so ignorant as not to know that every day, almost, witness the inauguration of some new combination, the perfection of some new consolic ation, throughout the length and breadth of this restless, busy land, having for its object the acquisition of power, the accumulation of wealth, its advancement of actence, or the promotion of religion? If we would win these prizes, we must contribute to the purse, and wo must not be tardy in making our entries, or the stocks will be closed against us. Let Memphis play her part in the consolidation of the lines of transportation and travet in which the is interested, whether the consolidation of the lines of transportation and travet in which

the business of these sound and ster to his feet, he made a brief, but rival efforts to foster these institutions Mr. Webster replied that the passage The Reverend Fulton, a Baptist bright light from the Temple in Boston, figured in the recent Baptist Convention at St. Louis. He looked upon their more presented at the passage when the business of the kind in Tennessee when the business of the three, if combined, was not extemporaneous; that in his summer variation he had visited Quebec, and while standing on the massive and almost impregnable citadely there, looking out upon the wondrous seene of national grandeur, and of the kind in Tennessee when the business of the three, if combined, was not extemporaneous; that in his summer variation he had visited Quebec, and while standing on the massive and almost impregnable citadely there, looking out upon the wondrous seene of national grandeur, and of native looked upon the kind in Tennessee when the business of the lines was not extenned to the summer variation he had visited Quebec, and while standing on the massive and almost impregnable citadely the business of the kind in Tennessee when the business of Southerners with sovereign horror their more presentions rivals, who an-and contempt, and was sweet upon nually drain us of millions of dollars. immediately took his seat upon a gun, the negro. One or two of his speeches We throw out these suggestions with, and with pencil and paper sketched were designed to be very severe upon out consultation or advice with any those who happened to think that St. interested in the enterprises of which command. Upon arriving at his ho-Paul was as thoroughly sane when he we have speken. Our interest in the tel, he sat down at his leisure, and used when occasion should offer. The opportunity arose upon that day.

Woman's Suffrage,

The following letter is addressed to
Major Syles, and appears in the
Aberdeen (Mississippi) Examiner, in
the women's rights convention, closed "Any olltor who dares to sharper Sylves says to the people of Aberdeen: his pen and utter a single word reflect ing upon the women who stand upon Aberdeen to the coal mines in Ala-When Queen Victoria enters the Brit bams. These roads pay from ish Parliament, every voice is hushed be achieved only by musle from a ten to twenty - five per cent, and every heart beats proudly with brass band, for which Fulton can furnish the brass, and that if Gabriel don't not willing to do anything, cannot are many women in this country to blow a horn, not one of the dead will expect to get anything." We irfer whom no crowned head in Europe from this remark of the Major that can compare. Let the vile, the vicious there is a deficit of funds about Aber-deen. Colonel Merriwether may, the wicked women come up to the polled It would be a grand event for The great need of the South is cheap women who to-day wrap the mantle enterprises—commercial, mechanical, and profitable railroads—roads cheap of complicency around them and say religious and social—is toward cooperation and consolidation. Experience has clearly demonstrated that in
the respectful process of the light to be built and owned by the enough to be built and owned by the enough to be built and owned by the operation and consolidation. Experience has clearly demonstrated that in
the respectful process of the light to live the light to live the light to live the might multitude of suffering women to come down from their garrets, cover our country in every direction up from their cellars-old women, poor which necessarily spring up along the active its rich and dormant natural faces were no traces of light, of love. which necessarily spring up along the foscurees. Happily for us the solution of this problem is furnished in sorrowful, begging for mercy of this civilization, no single force contributes the narrow gauge railroad, the util- Government! Oh, it would be a grand so largely to ultimate and complete ity of which is now a matter of thing for us to stand once a year and Roads of two and three feet gauge, see the mighty pageant of woe, and sorrow, and misery; and so learn of action. "In union there is are now in successful operation in Sweden, Norway, Russia, England, we want. Suppose that you and I cable to the building and management of a great railway or steamboat line, than to the successful prosecution of a polifical campaign. It becomes the people of the South in their present wide gauge, though the many condition, the people of Tennessee, will entirely supercede the present wide gauge, though the many millions now invested by railroad communics in the wide gauge rolling.

Sweden, Norway, Russia, England, are in that comfortable condition of life in which we have all our wants bountifully supplied. Does it behoove us to say we have all the rights we want, and selfishly shut ourselves up from this mighty multitude of sorrowing women? Oh, my friends, we want. Suppose that you and I are in that comfortable condition of life in which we have all our wants bountifully supplied. Does it behoove us to say we have all the rights we want, and selfishly shut ourselves up from this mighty multitude of sorrowing women? Oh, my friends, we shall never reconstructed to a suppose that you and I are in that comfortable condition of life in which we have all our wants bountifully supplied. Does it behoove us to say we have all the rights we want, and selfishly shut ourselves up from this mighty multitude of sorrowing women? Oh, my friends, we want. and of Monophis, to recognize this great fact in all its force, and to not accordingly, if they would not be left far behind in the race, whose roal is material, moral and above it could be adopted with great to come. It appears to me that there is no read projected in the South, where it could be adopted with great force and projected in the South, where it could be adopted with great force and was light," so, no matter how we may be bombarded by all creation—we say, "Let there be light," [Ap-
